Dear Friends and Supporters,

This week we're introducing you to our data team!

Whether they are logging client data or pulling mailing lists for appeals and newsletters, Trina and Joseph are the backbone of our organization, and their work everyday helps us complete our jobs efficiently.

Trina has been with us since May of 2018 (happy four year work anniversary!), and Joseph joined us this past semester as an intern from IUPUI with plans to stay on part-time after the semester is over.

Joseph has also just completed his sophomore year at IUPUI as a Health Science major.

Thank you both so much for all your hard work!

Trina

Joseph
