Dear Friends and Supporters,

This week we'd like to introduce a new staff member! Alexus Moore has joined us as the Family Success Coach for the INSPIRE program at LCFS. The INSPIRE (Identify Needs, Support Potential, Increase Resiliency & Empowerment) program helps families gain the skills/resources needed to escape the cycle of poverty via improved education, enhanced employment, increased health and wellness, and expansion of social capital- one example being the upcoming virtual Valentine's Day event for INSPIRE families that will focus on “healthy heart” education and activities.

"I love being able to connect with families on a daily basis and to be able to help them take another step toward stability.

Being part of the INSPIRE team allows me to do that and more."

Alexus is currently completing a Bachelor of Science degree in Psychology & has been in the social services field since 2016. Welcome to the team Alexus! We can't wait to see everything that you'll do to support our INSPIRE families!

Alexus Moore
Family Success Coach
